

Thank you for choosing Quickstar Productions LLC to master your recording. We know that you have put a lot of time and effort into your recording. Our goal is to work with you to make this final process as rewarding as possible. We put the same amount of care and effort into the mastering process as you do while recording your album. With that in mind, we ask that you send us any special instructions for your mastering.

Please send us all CD text that you would like included in the mastering process. We can insert track info like song title, album name, and artist name on the CD. This way it will show up in many CD players and computers. We also request that you send us any instructions or desires you have about cross fades or gaps between songs. This will ensure that you get exactly what you are looking for from your mastering experience with Quickstar Productions LLC.

We have a policy here at Quickstar Productions LLC, "it isn't done, until it is done right". You get one (1) free re-master if you are not satisfied with our mastering. If you get your final master back from us and you would like a slightly different tone from the recording, a different cross fade, or any CD text is wrong, we will correct any issues for free. We want to make sure that you are happy with your experience with Quickstar Productions LLC.

We would like to thank you once again for your business. In the following pages, you will find a checklist, contact info form, and payment information. Please send these pages in with your Audio CD. If you have any questions, please do not hesitate to call anytime. We are always here to help you.

Rock on!
Bryan Bosmans
